Deadline is **June 16, 2017**

SCC Twin Cities Chapter Chair Chat

Hello TCCSCC Members!
Summer is finally here and our monthly meetings are beginning to wind down for the season. We have had some great speakers and events so far this year and I can't wait for what else is to come!

I would like to begin by thanking our April speaker, Sonia Dawson, who gave a very stimulating presentation on protease inhibitors for improved skin barrier function. Sonia shared powerful visu-

als of color facial mapping technology which illustrated the vast complexity of facial skin hydration in different ethnicities. Sonia's presentation not only dove into skin biology and functionality, but also gave us a different perspective on true skin hydration. I would also like to thank our May speaker, Troy Goodnough, who gave an outstanding presentation on the sustainability progress at the University of Minnesota – Morris. His expertise and enthusiasm for sustainability initiatives as well as his ability to present his depth of understanding in such an interesting manner made for a memorable and insightful evening.

Our next event is the Annual TCCSCC Golf Outing and I sincerely hope that we have the same beautiful weather this year as we have been able to enjoy in the past years. The Golf Outing will be hosted at Bunker Hills Golf Course on June 26th and we will be playing an 18 hole scramble with dinner to follow. We have a shotgun start at noon so don't be late! I would like to give an exceptional thank you to Steve Beauchaine and Phil Leith for their expert coordination of this event and dedicated support for our chapter. I hope to see you all there and appreciate all of you that contribute to this great TCCSCC event!

In the past few weeks you may have seen an announcement from our Secretary Maggie Vold regarding a TCCSCC feedback survey. Our top priority is to ensure that all our members get the most out of what this organization can offer. I ask that you please take a few minutes to provide your feedback and share your thoughts on how our chapter can improve. This information will help us tailor our events to better suit the chapters need and determine what we can do to be a better organization.

The board is working out details and finalizing meetings for the last quarter. In September we plan to change things up with a brewery or distillery tour, stay tuned for more information to come! We will also be having a Monthly Meeting in October as well as our Officer Installation in November. In addition, the 71st Annual Scientific Meeting & Technology Showcase will be held on December 11 – 12th at the Westin New York at Times Square. This event has an esteemed panel of expert speakers, insight into the latest cosmetics research and trends, and guidance on the latest developments in the field. I hope to see you there!

As I mentioned in the last chair chat, the TCCSCC board, as well as National, is placing more emphasis on NextGen events, strengthening our ties with the local universities, and growing our student and junior memberships. As a result, National is offering to waive all membership fees for student and junior memberships. To qualify for these memberships, you must be enrolled in an undergraduate, graduate, or post-graduate program. This is a fantastic option for students to become involved in a professional organization and become familiar with the vast career options in the cosmetic science industry all while finishing their degree. If you or someone you know would like to become a student or junior member, please reach out to the TCCSCC board.

Lastly, it's time for us to start looking for members who might be interested in serving as Chapter Officers for 2018! Being a part of the TCCSCC is a great opportunity to become more involved in the local SCC and to share your talents and ideas with the organization! If you are interested in running for Chair-Elect, Secretary, Treasurer, or volunteering to serve as House Arranger or Newsletter Editor, please let me know (sguertin@aveda.com). We are excited to see what great things come from the 2018 board!

Thank you,

Samantha Guertin

Chapter News

Would you like to become more involved with the TCCSCC? We are currently looking for volunteers for the House Arranger role as well as the Newsletter Editor. Please contact Maggie Vold if you are interested in either position or would like more information!

House Arranger

Responsibilities:

- Check with other Chapters in close proximity and with the National Office before scheduling events to make sure that there is no potential conflict with dates. Also, check to be sure that scheduled functions don't fall on National holidays or religious holidays.
- Ensure that meeting rooms will accommodate expected number of attendees and that, if more than one room is required, there is adequate flow from one room to another. Make arrangements for registration table, if needed.
- Make arrangements far enough in advance of the scheduled event so that adequate publicity is ensured.
- Thoroughly review all contracts. Make sure there are no hidden charges. Room rental fees, bartender fees, gratuity policies, etc. should all be spelled out in advance. Consult with Chapter Chair and/or Executive Committee before submitting the contract for an officer to sign. The Treasurer should also be notified of all commitments for meeting facilities.
- Be aware that most banquet departments will work with the meeting planner to ensure the best food at the best cost and that changes can be made to all printed proposed menus submitted. Determine how flexible the facility is if there is a last-minute change in quantities (always up, never down). Determine needs for those with special diets (kosher, vegetarian, etc.)
- The House Committee should keep detailed records of all menus, the number of attendees as well as the number of meals guaranteed. A copy of this information should be kept on file with the Treasurer. Chapters should maintain this information from year to year so that accurate guarantees can be given. For example: 50 dinners were served in January, 2008, 48 in January 2007 while 70 were served in April 2008, and 67 the previous April. Too often the House Chair must give guarantees with no access to past history.
- Check with Program Chair on the audio-visual needs of speakers and be sure that all equipment is in working order before the start of presentations. Also, ensure that both speaker and audience have a good view of the screen. When ordering audio-visual equipment at hotels, ascertain costs in advance, as there is sometimes a wide range of options.

Chapter News (cont)

Newsletter Editor

Each Chapter is required to publish a periodical or at least a meeting announcement as a service to members. This is the responsibility of the Newsletter Editor. The Newsletter should be published prior to each Chapter meeting. It should be mailed or emailed in adequate time for members to register for the upcoming meeting. Members who do not have access to email should be considered. In some Chapters, distribution of the Newsletter is the responsibility of the Newsletter Editor and in other Chapters, the Membership Chair or Secretary has this duty. Non-members or members who have been dropped for nonpayment of dues should not receive newsletters. Advertisers should only receive one copy with Billing Invoice.

The following guidelines are provided for The Newsletter Editor to follow:

1. Heading

- a. Chapter and Society Name
- b. Month/Year
- c. Volume/Number
- d. Newsletter name and logo (optional)

2. Chapter Officers and Contacts

3. Chapter Meetings

- a. Upcoming meeting information and registration forms
 - 1) Speaker biographical sketch
 - 2) Presentation abstract
- b. Previous Meeting Recap
- c. Calendar: Chapter activities and dates (may also include National SCC meetings and other Chapter meetings)
- d. Employment Listings (no blind ads-Company name must be listed)--Do not publish member resumes
- e. Chapter Member Information*: report on events happening to your chapter members including promotions, Emeritus Status, etc.
- f. National SCC information
 - 1) SCC National address and phone/fax/e-mail
 - 2) Area Director addresses and phone/fax/email
 - 3) Society News (contact SCC National Office)

4. Advertising

- a. Should be no more than 25% of Newsletter (This guideline was established in order that tax would not have to be paid on such a percentage)
- b. Printing costs for advertising separate from other Newsletter costs (this is also done for tax purposes)
- c. Preference should be given to advertising events sponsored by the SCC. Advertising of events run by "for profit" companies should not be publicized in a chapter's newsletter unless payment for the ad is received

5. Timeliness

The Newsletter should go out in adequate time for members to register for the upcoming meeting

6. Mailing

- a. A Word file in mailing label format is available from the National Office (one week notice)
- b. A copy of the Newsletter should be sent to the Area Directors and National Office

* This should be for events occurring to or about "Members". Nonmember features or promotions should not be listed in your Chapter's Newsletter unless used for recruitment of an individual.

Note: Before Newsletters are published they should be approved by the Chapter's Officers.

Call for posters for the SWSCC Educational Day August 17th, 2017

SWSCC Green Technology Showcase Poster Session Guidelines

Overview

The Green Technology Showcase session is designed to give suppliers an opportunity to discuss a new product or technology in an informal way with our Southwest Society of Cosmetic Chemists chapter members. The purpose of the poster is to visually stimulate interest in the research conducted but also present scientific findings that promote conversations and networking among the SWSCC Educational Seminar attendees.

Suppliers interested in this type of sponsorship activity will need to submit an abstract single spaced with 150-200 words by Friday July 14, 2017.

General Information

There are a limited amount of opportunities to participate in the Green Technology Showcase. We will choose participants based on a first come basis pending abstract approval.

The SWSCC and the Doubletree Hilton at Campbell Center are not responsible for any materials left on display.

All Green Technology Showcase Presenters are required to register for this event.

The pricing for the Green Technology Showcase poster sponsorship is \$500.00 and can be paid by contacting the SWSCC treasurer after being approved to present.

Poster Session

The approved Green Technology Showcase posters will be displayed prominently in the main ballroom of the SWSCC Educational Seminar event from 8:00AM – 5:00 PM.

All posters must be in place by 8:00 AM and taken down at the closing of the event. Any brochures, samples, give a ways, etc. must also be set in place by 8:00 AM the day of the event.

The Green Technology Showcase poster must fit on the table or can be placed to the side of the table if necessary. Each poster will have a table and two chairs for the presenter to use at their discretion.

There will be three designated time frames for the event attendees to take a break from the educational speakers and walk through the poster session area.

Topics of Interest

The poster may include experimental data, graphs, illustrations/photos, and prototypes on the technical attributes of the featured product or technology. Complete trade names as well as INCI nomenclature is welcomed and requested for each ingredient mentioned.

Green Chemistry • Color Cosmetics • Hair & Scalp • Skin Biology • New & Innovative Technology

Contact Information

If you would like to participate in the Green Technology Showcase Poster Session please contact the Rachelle Bowens (Chair of the SWSCC) via email at Rachelle.Bowens@omya.com or by phone at 972.809.9583.
