Payment for poster session - September 15th, 2018 at

<https://www.tccscc.org/news-and-events>

Abstracts should be submitted via e-mail to Nadabia Helland
nadabia.helland@tri-k.com

SCC TWIN CITIES CHAPTER CHAIR CHAT

Hello TCCSCC Members!

It was a busy summer but I hope all of you got to do everything you planned. For most of us it is a time of great excitement as the little people head back to school (Finally!)

April saw a great meeting that brought our own Jim Vlasic out and give us a very engaging and comprehensive talk on the basics of product development. We were very happy to have Jim as he is local and has many years of real world industry experience, it was a great way for new comers and veterans alike to learn about that aspect of the industry. Thank you Jim.

Once again the Golf gods gave us fantastic weather for our outing and we had a great turnout for it, congratulations to all the winners of the drives and putting contests. Thank you to all that support the chapter, especially our sponsors.

The next event is the poster session and brewery tour at Dayblock brewery in Minneapolis, we are continuing this new meeting format from last year as we have so many great institutions of the brewing science in our great cities. This was also the brainchild of one of our new members and 2017 Chair, Samantha Guertin, which brings me to the call for officers.

We would to remind the members that we are still looking for talented volunteers for the board for 2019 to keep our chapter one of the most outstanding in the organization. Please contact any of the board if you are interested in joining in on the fun!

We have also started planning for the Holistic Symposium 2019 event and the format and the timing of the event is being addressed to see how we can improve it. The team is forming committees and calling for papers so if any members would like to join a team please feel free to contact myself or one of the board.

Looking forward to Fall and seeing you all at the next meeting.

Sincerely,

Divyesh Patel
2018 TCCSCC Chair

DiGidio's, St. Paul

DECEMBER 4, 2018

Twin Cities Chapter Holiday Party
Radisson Hotel, Roseville

Meeting Attendance Incentive

Members and friends of the TCC-SCC, we would love to see you at each and every chapter meeting. There is always new and interesting information to be heard and super networking opportunities. To encourage attendance at our chapter meetings, we offer two opportunities to win some GREAT prizes at the 2018 holiday party in December!

- Attend four or more Twin Cities SCC chapter meetings or events you will be entered into a drawing for a prize.
- Invite a person who has not previously attended a Twin Cities SCC chapter meeting or event and you will be entered into a separate drawing for an awesome prize.

Student Membership:

NEW student memberships are free for 2018. Application forms should be sent directly to Colleen Daddino (cdaddino@scconline.org) in order to have the dues waived.

Join or follow the Society of Cosmetic Chemists—Twin Cities Chapter on LinkedIn. Find out what's happening in our chapter and in the industry.

Get Involved!

There is always room for you to be involved in the Twin Cities Chapter of the SCC. Please consider your role. Contact Divyesh Patel at chair@tccscc.org or any of the other TCC-SCC officers for more information.

SCC NATIONAL OFFICE NEWS

72nd Annual Scientific Meeting & Technology Showcase

December 11-12, 2018

Sheraton New York Times Square Hotel

Our Annual Meeting is *where the world connects for cosmetic science education*.
Join us this December!

REGISTRATION IS OPEN!

The Society is excited to announce that professionals in the cosmetics and personal care community can now reserve their seat at the most influential cosmetic science education event of the year. We have seen tremendous growth in the past few years and we were certainly reminded of that at SCC71. With the help of your comments, suggestions, and reviews, we have found a new home for our 2018 Annual Meeting at the Sheraton New York at Times Square. The Sheraton is TWICE the meeting size of the Westin and just as large as the Hilton but with a more attractive room rate — \$319 per night.

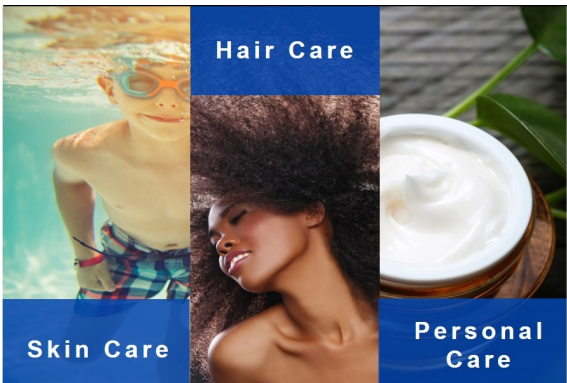

This year's Committee on Scientific Affairs (COSA) have outdone themselves in selecting relevant topics for our scientific sessions. Topics of SCC72 will range from **Advances in Cosmetic Dermatology** and **Consumer Science** discussed in the Advanced Track to **How to Read and Write Patents** and **Natural Product Formulations** discussed in our Basic/NextGen Track.

ANNOUNCING THE 2018 FRONTIERS OF SCIENCE AWARD LECTURER

Professor Charles Spence (Oxford University), a world-famous experimental psychologist with a specialization in neuroscience-inspired multisensory design, will present 'Neuroscience-Inspired Multisensory Design in the Cosmetics Sector'. He will demonstrate how what we smell can influence all manner of perceptual experiences. He will show how techniques adapted from the field of human psychophysics are increasingly being used by those working with fragrance to support functional claims around olfactory stimulation: Everything from the use of fragrance to make your clothes feel softer through making people look more attractive, and their skin younger looking. He also wants to look in the reverse direction and show how what we feel, see, and even what we hear can modulate what we perceive when we smell.

CALL FOR POSTERS: It's not too late to secure a Poster Presentation during SCC72 Technology Showcase. Showcase your latest ingredient, technology, and research. All Posters receive 2 complimentary Technology Showcase ONLY registrations (with entry into the Suppliers' Cocktail Reception). [SUBMIT ABSTRACT](#)

2018

Naturals Symposium *Save the Date*

September 6th, 2018

Prince Conference Center at Calvin College
1800 E. Beltline Ave SE | Grand Rapids, MI 49546

The Michigan Chapter of the Society of Cosmetic Chemists is proud to announce the 2018 Naturals Symposium, featuring key industry leaders discussing the challenges of creating products that appeal to consumers that are looking for natural, organic and "chemical-free" products. The impact to the skin microbiome, ISO regulations, claims, and technical regulations will also be discussed. The symposium will be held at the Prince

Conference Center at Calvin College in Grand Rapids, Michigan.

Concurrent with the symposium will be a vendor exhibition and a student poster session.

EMPLOYMENT OPPORTUNITIES

R & D Technician—Aveda, an Estee Lauder Company

This position is primarily responsible for conducting clinical and analytical testing in accordance with Good Clinical Practices and company's SOPs. This position's responsibilities include performing early stage prototype or pilot testing and new technology proof of principle and method development studies under the supervision of a team leader. <https://elcompanies.jobs>

R & D Senior Technician —Aveda, an Estee Lauder Company

This position will be primarily focused on lab management and stability. This position will be an individual contributor, reporting to a manager. All work must be executed in a scientifically sound, safe, and timely manner. Additionally, this person will be the Chemical Hygiene Officer for Blaine R&D. <https://elcompanies.jobs>

Senior R&D Chemist - Bell International Laboratories

A Senior Research and Development Chemist combines technical knowledge and innovation when formulating a variety of personal care products, cosmetics and OTC (lip balms and sun screens) from concept to finished product based on customers' requests. Ability to look at different brands gaps and develop products based on those gaps or customer specification. <http://bellinternationalabs.com/node/55>

Product Applications Manager

Colonial Chemical Inc., a growing specialty chemical manufacturer, is seeking a Product Applications Manager. This position, reporting to the Research and Development Manager, will be responsible for overseeing a group of chemists and is responsible for advancing formulation expertise across multiple end-use categories. They work cross-functionally to design experiments and analyze data to produce effective sales tools and communicate that information to customers. The successful candidate will utilize market expertise to develop new products, formulations and product claims. They will attend a variety of trade shows/conferences to promote products and communicate findings. <https://colonialchem.applicantpro.com/jobs/808253.html>

Director of Marketing & Sales

Kapra Cosmetics is seeking a highly-organized Director of Marketing & Sales to oversee Account Manager team. Responsible for the management of sales and relationships with customers and operates as the lead point of contact for any and all matters specific to customers. Liaison between customer and internal teams. Negotiating customer contracts and agreements to maximize profit. Create pricing for customer products. Develop new business with existing clients and/or identify areas of improvement. Customer reporting and troubleshooting as needed. www.kapracosmetics.com 612-782-3941
