SCC TWIN CITIES CHAPTER CHAIR CHAT

Hello Twin Cities Chapter members!

Spring has finally arrived in the Twin Cities — the fishing boats are back out on the lakes, and golf courses are open for business! Just in time, as our popular annual Golf Outing event is fast-approaching on Monday, June 24th. Please see more information in this newsletter and on our website regarding how to register. Following the golf outing, we will break from meetings over the summer months, but the planning never ends! Look for more information regarding a supplier poster session event happening in September!

As a recap of our chapter activities through April, we hosted several great events, kicking off the year with well-attended February meeting featuring Steven Puleo of Koster Keunen, who shared information about natural lipids and formulating natural personal care. In March, we held our 9th Biennial Holistic Symposium & Supplier Expo, expanding the event to include a full day CEP on Polymers in Cosmetics and Personal Care Products taught by Dr. Robert Lochhead. Day one attendance was over 100, and day 2 attendance was nearly 200 — so in terms of numbers, the event was a huge success! There was something for everyone — including valuable content, discussion and networking over the two busy days. Information about speakers and sponsors is still available on our website, so if you'd like to learn more or follow up with anyone please visit tccscc.org. Following the Holistic Symposium, in April we celebrated Earth Day a few days early at the headquarters of Intelligent Nutrients with two engaging presentations. Janell Schroeder shared IN's mission, and the how's and why's of certified organic beauty. Also, Dr. Alejandra Camacho of Croda provided an in depth overview of sustainability, natural and organic certifications, and how Croda is making a difference.

Following our September poster session event, in October we will welcome guest speaker Dr. Joy Roederer, Vice President of Research and Development for Integrity Ingredients Corporation. November brings new board member inductions and December a Holiday Party rounds out the year. Please note that this year, the annual SCC meeting in NYC will be held December 16 - 18 at the Sheraton Midtown, the same great venue as in 2018.

Our chapter has great momentum right now with strong attendance and new members, so we'd like to extend an invitation to join us in planning the second half of the year at an open feedback and brainstorming session to be scheduled over the summer. Look for details on our website, and in an email coming soon! Thank you to all of our volunteers, speakers and sponsors — we appreciate and value your support and contributions! Anyone interested or with questions about how to get involved, please reach out to me or any of our board members!

Thank you,

2019 TCC-SCC Chair
