SCC TWIN CITIES CHAPTER CHAIR CHAT

Hello Twin Cities Chapter members!

It's hard to believe that the holiday season is just around the corner. What a great year 2019 has been for the TCC SCC! By year end, we will have held six educational events, including the 9th Biennial Holistic Symposium in March and Poster Session in September, plus two social events including the annual Golf Outing and our festive Holiday Party! On behalf of the entire 2019 board, I would like to thank all of our speakers and supplier sponsors who have participated in a variety of ways to support our chapter events and mission.

November will bring the annual induction of new board members for 2020. I would like to thank our 2019 board and volunteers for their service and welcome our new Chair, Jim Vlasic, Secretary, Andrew Swidergal and Chair-Elect, Marisa Plescia. Justin Steinke will continue to serve as our Treasurer in 2020. I would also like to thank Kristen Haakenson who has faithfully served as our Newsletter Editor the past two years, Chad Pavlis for serving as our webmaster, and all those who worked with us on the Holistic Symposium this year.

Unfortunately, due to illness, Dr. Shukla from ICSC will not be able to speak at our November meeting as planned, but we will hope to arrange another date in 2020. In the meantime, we are excited to announce a new forum that I think all will find very engaging and insightful as a change from our typical one-speaker meeting format. At our November 19th meeting, I will be moderating a panel of several of our local R&D leaders who will share their insights on a variety of topics including: technology, sustainability, communication/collaboration, managing change, and speed to market pressures.

Our final local event for 2019 is the annual Holiday Party! Casino-style games return, but at a new venue in downtown Minneapolis—the Loring Social. Please see the details in this newsletter and online at tccscc.org. We look forward to seeing you there and to a festive evening!

Last but not least, please remember to renew your SCC Membership as soon as possible for 2020. As a chapter, the Twin Cities has historically been among the most successful with regard to retention, and over the past couple of years we are also growing in membership as well.

As I wrote in our first newsletter of the year, we know that learning never ends. Whether you have been attending SCC meetings for years, or are new to cosmetic science, we welcome you to join us at a local or national meeting. It's a wonderful thing to come together with other scientists to challenge our thinking and explore new ideas so that we might grow both personally and professionally. I wish everyone the very best in 2020, and look forward to seeing you at upcoming events!

Thank you,

2019 TCC-SCC Chair

Lochhead, PhD (University of Southern Mississippi) and Joseph P. Pavlichko (posthumously). The awards will be presented during the Society's 73rd Annual Scientific Meeting on December 17, 2019 at the Sheraton NY Times Square.

"Dr. Lochhead has served the society with distinction during his more than 35 years of continuous membership, serving in various capacities from President of the Society to local chapter board service and CEP instructor to journal author," said Erica O'Grady, CAE, Executive Director/CEO of the Society. "Bob is a well-respected academic and industry veteran in the field of polymer science for cosmetics and personal care."
